Dear Parent/Carer,

Following the successful launch of lessons delivered on line for Year 10 students this week, from next week we will also start to deliver lessons on line for students in Years 12 and 9. These will enable members of staff to have more direct interaction with students and provide more opportunities for guidance and support. The number of lessons will increase over the next few weeks and we have put together a schedule of lessons so that students will not be asked to attend more than one lesson at any one time. We will be delivering the lessons through the Google Classroom & Meet system and staff will put reminders on their own classrooms but we will also send out an email reminder at the start of each day. Live lessons via Google Meet can be a really useful way of allowing students to ask questions about their work and talk to their teachers directly. It is essential that all students follow our live lesson guidelines. Teachers will guide students in whether to have video and audio on OR just audio. If only audio is turned on:

- Students must have their microphones set to mute and only unmute when you ask to by their teacher.
- Students can signal they have a question by writing 'question' in the comment box.
- Students must speak in a respectful academic way and must stay on the topic of the work

If audio and video are turned on, the following protocols must also be in place:

- Students in view must be in appropriate clothes and have a neutral and appropriate background (e.g. they must not be in a bedroom or have any siblings or other family members in the background).

If students are not following the protocol, they may be 'muted' by their teachers and they may be removed from the classroom.

I have included a summary of the timetable for next week below, from the feedback from the live lessons that have already taken place, the students and staff involved have found it to be a very useful experience. As always we are very grateful for your support in ensuring that your child takes full advantage of these opportunities as well as continuing to ensure they have completed any work that has been set on our learning hub.

Yours sincerely,

Stuart Weston
