

Y9 Live Lessons

Week Commencing 29/6/20

Please find the timetable for the live lessons below.

Live lessons via Google Meet can be a really useful way of allowing students to ask questions about their work and talk to their teachers directly. It is essential that all students follow our live lesson guidelines. Teachers will guide students in whether to have video and audio on OR just audio. If only audio is turned on:

- Students must have their microphones set to mute and only unmute when you ask to by their teacher.
- Students can signal they have a question by writing 'question' in the comment box.
- Students must speak in a respectful academic way and must stay on the topic of the work

If audio and video are turned on, the following protocols must also be in place:

- Students in view must be in appropriate clothes and have a neutral and appropriate background (e.g. they must not be in a bedroom or have any siblings or other family members in the background).

If students are not following the protocol, they may be 'muted' by their teachers and they may be removed from the classroom.

If there are continued incidents of poor behaviour they will not be allowed to access the lessons
