

The De Montfort School

UNLOCKING YOUR CHILD'S POTENTIAL

16 March 2021

Dear Parents/Carers

Year 8 Parents' Evening via MS Teams

Firstly, may I say how pleased we are to have your son/daughter back in school and how impressed we are with them for settling back into their lessons and school life.

Secondly, I would like to inform you that there will be a meeting for parents/carers and students of Year 8 on Thursday 25 March, from 4.30pm to 7.30pm, to enable discussion of your son/daughter's progress with subject staff. We would like all students to attend the meeting with their parent/carer. All meetings will be held online via MS Teams due to the current Covid-19 situation.

These meetings are an important way to help students make further progress, especially as they begin the important process of choosing their KS4 option subjects. Please feel free to ask the following: how your son/daughter is performing in relation to their potential; your son/daughter's strengths and achievements; the areas for development for your son/daughter; their suitability for continued study at KS4; and how you can help.

It is clear from past experience that it is possible to significantly raise individual attainment levels when students are willing to work hard, act upon advice from teachers and parents/carers, and use the opportunities available in school and at home.

Details on how to make bookings and access the online consultations will be provided in a letter to follow.

Yours sincerely

Mr Lee Lungley
Assistant Head and Head of Science Faculty
