

## Ordering Decimals T1

Order each strip of decimals in ascending order.

123.8	123.288	123.18	123.118	123.08	123.808
-------	---------	--------	---------	--------	---------

14.62	14.64	14.106	14.604	14.060	14.06
-------	-------	--------	--------	--------	-------

101.12	101.01	101.23	101.101	101.43	101.023
--------	--------	--------	---------	--------	---------

35.6	0.356	35.63	3.65	356.06	356.6
------	-------	-------	------	--------	-------

53.76	53.67	53.06	53.006	53.602	53.706
-------	-------	-------	--------	--------	--------

Challenge:

1) Can you order the following measurements in ascending order:

**124cm**

**0.75m**

**65mm**

**1.4m**

**1.1km**

2) Choose 10 of the numbers you ordered and round them to 1 decimal place. (Don't choose those that already have 1 decimal place!)
